## Copartes Vested and Retirement Component Update

### Dear Member

We are currently working to align the Vested and Retirement component values displayed on the MIFA mobile app with the defined benefit values (Withdrawal and retirement benefit values) that are typically reflected on your annual benefit statement.

To ensure accuracy and consistency, MIFA has temporarily removed the values associated with these components from the mobile app.

Please note that this is a temporary measure, and you will be notified as soon as the values have been adjusted and are available for viewing on the app.

We apologize for any inconvenience this may cause and appreciate your understanding.

Regards,  
MIRF
